

MODULE 6 CHEAT SHEET

Key concepts and quick references from Portfolio Project.

PORTRFOLIO COMPONENTS

Vision Statement

A written summary of your home's feeling, purpose, and inspiration. Anchors the entire project.

Site Plan

Top-down drawing showing building placement, orientation, outdoor spaces, and entry points.

Floor Plan(s)

Scaled layouts showing room relationships, circulation, furniture, and wall openings.

Elevations

Front and side views revealing materials, proportions, and window/door rhythm.

PRO TIPS

Reference Your Notes

Revisit your original thoughts from earlier modules and refine them with everything you now know.

Tell a Story

Arrange your portfolio so a viewer understands your vision, spaces, materials, and response to environment.

MORE COMPONENTS

Section (Optional)

Vertical cut showing interior heights, level changes, and structure-to-space relationships.

Environmental Diagram

Sun paths, airflow patterns, shading strategies, and passive or active systems.

Materials Board

Curated collection of materials, finishes, and building systems with visual and performance character.

Reflection Page

Written reflection on your inspiration, challenges, and how you would evolve the design.

COMPLETION CHECKLIST

- Vision Statement written and revised
- Site Plan shows orientation, landscape, entries
- Floor Plan demonstrates circulation and flow
- Elevations express visual personality
- Environmental Diagram addresses sun, wind, climate
- Materials Board includes 5+ materials with rationale
- Reflection Page addresses inspiration and growth
- Portfolio organized in clear sequential format
